The Coming Commercial Yellow

MOTHER KADEL (Kadel)

Without doubt this variety has the greatest color value of any yellow gladiolus in commerce.

Description

- COLOR**—Clear medium yellow.
- MARKINGS**—None, not even in its deepest throat.
- SPIKE**—Fifty or more inches tall, straight and wiry. Has never crooked under adverse weather conditions.
- FLORETS**—Slightly ruffled and recurved petals, 5 to 7 open.
- PLACEMENT and ATTACHMENT**—Exceptionally fine.
- PROPAGATION**—Makes plenty of large bulblets which grow.
- COMMERCIAL QUALITIES**—Ships well and opens to the tip in water after cutting.

This variety was first shown as a seedling, F24 (Picardy x Spray of Gold), in 1940 and won a number of awards including the American Home Achievement Medal. It was introduced in 1941 but only large bulbs were sold and only a small amount of stock was disseminated. In 1941 its qualities as a show flower were demonstrated by its consistent winning at the Eastern shows where exhibited. Its shipping qualities were proven by the spikes sent to the Midwest Show at Chicago where it won two blue ribbons and was awarded the American Air Lines Trophy for the outstanding bloom shipped by air express.

We are stressing the commercial possibilities of this gladiolus in its color class and ask you to give it a trial. Our faith in the variety is shown by the fact that we have purchased jointly with Everett Quackenbush of New Cumberland, Pa., the entire stock from the originator, Mr. Byron R. Kadel. Since no medium or small bulbs or bulblets have been disseminated, those purchasing growing stock this season will all have an equal chance. In order that you may have an opportunity to grow and enjoy Mother Kadel and to build up a stock quickly we are offering the variety in all standard sizes and are offering some special growers collections.

Retail (Prepaid)

	Large	Medium	Small	Bulblets
Per 1	\$0.50	\$0.30	\$0.20	10 for \$0.25
Per 10	\$4.00	\$2.40	\$1.60	100 for \$2.00
